

ABOUT THE SOCIETY

The South West Society of Botanical Artists

welcomes anyone with an interest in botanical art and illustration, students, artists, teachers, collectors, enthusiasts, friends and family.

The Society is fostering links with similar groups as well as botanical, educational and conservation institutions and groups.

Members are able to learn new skills, display their work and meet like-minded people.

Meetings, talks, demonstrations and workshops are held throughout the South West, and exhibitions where members may display and sell their work are held yearly across the region.

Booking exhibitions and workshops are by email.

Our magazine will be sent to you through the post.

Our web site. www.swsba.org.uk

And also on facebook.
